68	Vents RO 100		2250	

S. No.	VENTS CODE	DESCRIPTION	MRP	PHOTO
69	Vents I Fan Move	Operates with Multifunctional Remote Control, Can be mounted on 100 & 125 mm air duct, Silent Impeller profile low noise only 21 dBA, Humidity Sensor, Timer, Motion Sensor with reach distance 1-4 meter and viewing angle 100 degree. Remote Control Operation, Air capacity upto 133 m3/hr	14550	
70	Vents 100 LD Light Blue	High Quality Durable ABS Plastic, UV resistant, Reliable Motor with low Envery demand, Designed for Continuous operation and requires no maintenance, Equipped with over heating protection air capacity upto 310m3/hr	4550	
71	VENTS TT 100	TT Fans are the best solution for Ventilation of bathrooms and kitchens and other humid premises as well for ventilation of flats, cottages, shops, cafes, etc. Casing is made up of ABS PLASTIC. Air capacity upto 1850, Equipped with single phase motor with two speed modifications. Motor has thermal overheating protection to prevent the motor overload	4950	
72	VENTS TT 125		5150	
73	VENTS TT 150		6850	
74	VENTS TT 200		8550	
75	VENTS TT 250		20550	
76	VENTS TT 315		25550	
77	Vents TT Pro 200		11550	
78	Vents TT Pro 250		29980	
79	Vents TT Pro 315		29550	
80	OV1 200	Heavy Duty Polymer coated, low noise impeller	5550	
81	OV1 250		8550	
82	OV1 315		11550	
83	Vents VKMZ 100	Inline Centrifugal Fan in Galvanized casing with air capacity up to 1540 m3/hr, Motor is equipped with ball bearings for long service life designed fro at least 40000 hrs	5390	
84	Vents VKMZ 125 Q		7950	
85	Vents VKMZ 150		8950	
86	Vents VKMZ 200 Q		11950	
87	Vents VKMZ 250 Q		12950	
88	Vents VKMZ 315		14950
