JAQUAR CHANDELIERS

There are few bigger statements of luxury in an indoor space than a sparkling chandelier. Discover a grand centrepiece for your indoor space in Jaquar's range of chandeliers.

- Our chandeliers, a fusion of class and quality, are made with lead-free Spectra and Strass crystals of high-precision cut, clarity, colour, and shape, from the world's best crystal manufacturer, Swarovski.
- We use only brass in the frame of our chandeliers, which come with a 7-year warranty on the plating -ranging from 24K Gold and Rose Gold to Chrome, Antique Brass and Copper.
- With the fabrication and plating of chandeliers being done in-house, Jaquar is one of the leading brands of India with its own production facility for crystal chandeliers.
- Available in classic and contemporary styles, reflecting traditional grace or modern elegance, our chandeliers range from 3-head to 24-head designs, with suspended or ceiling-mounted options.
- In fact, apart from the extensive choice, Jaquar Lighting also offers a unique customisation option in Crystal chandeliers - you can redesign, mix and match, and even ask to increase or reduce the crystals used in the chandeliers you select.

But no matter which chandelier you choose from Jaquar Lighting, it'll definitely have the power to be the cynosure of all eyes in the room.

TIERED CANDLE CHANDELIERS

A tiered candle-chandelier like this one is the perfect way to accentuate a room's traditional elegance. Reminiscent of real candle chandeliers from many centuries ago, that were lowered, lit and then pulled up by rope, the unmasked light source allows the crystals underneath to sparkle with greater intensity.

A complete creation in crystal, the opulence of chandeliers like these demand décor that's no less magnificent. Concealing the light source within allows the crystals to appear as if they are the light source themselves – a multitude of little suns scattering beautiful rays around the room.
